Cheese Merchants

embarked on their journey more than 25 years ago, boasting a rich history of producing top-notch cheese and fostering meaningful connections. It all began when Pasquale Greco, the founder, envisioned a future where he could distribute premium Parmesan cheese across the nation. Fast forward two decades, and this dream has blossomed into three local facilities spanning over 1 million square feet of cutting-edge infrastructure dedicated to distribution, aging, conversion, and production. At Cheese Merchants, they understand that not all cheese is created equal. Thanks to their vertical integration, they are able to offer the perfect cheese to cater to your specific requirements.

Toasted Panko Bread Crumbs

1/25 lb

Kikkoman Panko Bread Crumbs are made fresh from specially baked, crustless bread. With an oblong shape, Panko crumbs are larger, crispier and lighter, so they coat without "packing" like regular bread crumbs, allowing foods to stay crispier longer. Their delicate, crisp texture makes them the ideal choice for baked or fried foods.
